

MOYOBET ONE MILLION JACKPOT (the “Jackpot”)

1. INTRODUCTION

- 1.1 The Moyobet One Million Jackpot is a sportsbook jackpot based on 12 pre-selected football matches that are offered on the Moyobet website. The Jackpot shall be scheduled weekly, with a minimum of two (2) and up to four (4) Jackpot events available each week.
- 1.2 Customers participating in the Jackpot must predict the correct outcomes of all matches on the particular Jackpot event and place a minimum cash bet of **KES 10/-**. The participants are not limited to the number of Jackpot bets they may place.
- 1.3 The jackpot shall run for a duration of 6 months from the publishing date.

2. JACKPOT PRIZE AND BONUSES

- 2.1 The guaranteed Jackpot prize is **1,000,000/- (One million shillings only)** to be shared equally among all Jackpot winners.
- 2.2 At the end of the last match in the Jackpot list, once the correct outcomes of all the 12 matches have been determined and/or resulted, the Jackpot winner(s) will be the ones who have predicted 12/12 games correctly.
- 2.3 If there is at least one Jackpot winner, no Jackpot Bonus shall be awarded at any other prediction level.
- 2.4 If there is no Jackpot winner, a Jackpot Bonus may be awarded to participants with the highest prediction level achieved, capped at a minimum of 9/12 correct predictions (e.g., if the highest correct prediction is 10 out of 12, only those with 10 correct predictions will be eligible for a Jackpot Bonus). Participants with lower prediction levels (e.g., 9/12) will not be eligible for any bonus.
- 2.5 The amount of the Jackpot Bonus, where applicable, shall be determined at the sole and absolute discretion of Moyobet. The bonus amount may vary from one Jackpot event to the next depending on the number of qualifying participants and the prediction levels achieved.
- 2.6 If multiple players win the Jackpot prize or Jackpot Bonus, the prize will be shared equally among the winners.
- 2.7 Customers are permitted to place **Double Chance** or **Triple Chance** bets on each match selection within the Jackpot. This allows a customer to cover more than one possible outcome per match.
- 2.8 The following options are available per match:
 - **Double Chance:** Predict **2 out of 3** possible outcomes
 - **Triple Chance:** Predict **all 3** outcomes in a single bet (i.e., cover every possibility for that match)
- 2.9 Each additional combination (Double or Triple Chance) increases the total number of bets and the stake amount, as follows:

Number of Matches with Double/Triple Chance	Number of Combinations	Total Stake (KES)
0 (Single outcome for all matches)	1	10
1 Double Chance	2 (2 ¹)	20
2 Double Chance	4 (2 ²)	40
3 Double Chance	8 (2 ³)	80

1 Triple Chance	3 (3^1)	30
2 Triple Chance	9 (3^2)	90
1 Double + 1 Triple	6 ($2^1 \times 3^1$)	60

Note:

The formula for calculating the total combinations is: $(2^d \times 3^t \times 10)$ where **d** is the number of Double Chance selections, **t** is the number of Triple Chance selections, and **10** is the minimum stake per combination.

- 2.10 The maximum number of Double or Triple Chance selections allowed per Jackpot bet is **limited to 6**.
